THE "TIMES" HOLOCAUST,

OCTOBER 1, 1910, 1:10 O'CLOCK A. M.*

The Night of Horror.

THE CRIME OF THE CENTURY

And its Tragic Aftermath—The Sublime Resolve.

I.

THE sunset glow fell on a temple fair,
A temple built to Human Liberty;
The golden rays lit up its battlements,
And high upon the tower its bronzing light
Glowed on a graven Eagle with its wings
Outstretched, against the sky, tipped with the sun,
Mute symbol of the hope of Liberty.

II.

AGainst the somber sky of starlit night
The temple's silhouette, majestic, stood,
And from its windows high bright streams of light

Dispelled the darkness with their silver shafts,
Like some lighthouse flashing o'er dark seas,
To lead the prow of Freedom's argosy
Twixt Scylla and Charybdis, safe to port.
We saw within, where men of brawn and brain
Worked through the darkening watches of the night,

We heard the presses throb like looms of thought,
That wove the songs of Freedom for mankind,
Where Labor strove to be forever free,
To put new light in eyes that erst were blind,
To fill the hearts of weary men with hope,
And make the world the better through their toil.

III.

THE morning dawned upon the wreck and ruin
Wrought by hands of vandals in the night,
And shattered wall and blackened tower stood

In mournful silence o'er the smoldering fire,
Whose fierce Inferno wrapped in mottled shrouds
The ashes of the hosts who labored there;
For in the night some hellish anarchy
Had lit the bomb that tore the temple down
And sent their wailing souls on tongues of flame
And wings of fire up through the starlit skies.
The morning sun fell on a countless throng,
Some weeping for their loved ones, like the cry
Of moaning billows on the storm-swept shore,
Some grim and silent, and with pallid face
That marked a stern and resolute demand
That justice bring the vandals back again
To yield to God the wages of their sin.

So it shall be, their bloody hands revealed,
Their murderous hearts and souls of anarchy
Shall answer with their lives to those dead lips

That speak, though from the grave, with mighty force
The charge of murder, damnable and foul!

IV.

HIGH on the ruins of the battlement
The Eagle stood, unscathed, above the wreck
Of dynamite and death. The morning sun
Threw o'er its grimy wings a sheen of gold
To symbolize that Liberty shall live,
While in the arms of God the martyred dead
Shall rest eternally, and willing hands
Shall take their places here and rear again
A thousand temples unto Liberty
For every one that falls.

*Written in September, 1911, by Drayton Pitts at Los Angeles, and dedicated to Gen. Harrison Gray Otis.
†The dead were twenty.

There is understood to be a clear majority of "wets" in the National Irrigation Congress in session at Salt Lake.

Gen. Mena, the Nicaraguan rebel leader, is said to be broken in health. Some men cannot stand it to run far, so often.

The fall of the English ministry is predicted with a new Parliament. What a chance for the formation of a third party?

"Welcome the eastern tourists with glad hands to hospitable homes."—Tom Corwin's speech on the Mexican war, slightly changed.

The City Attorney of San Francisco has decided that policemen are not laborers. Why not, forsooth? Do they not "work" the chief?

When Col. Riker harnesses the gulf stream he will essay the task of electing the Bull Moose. Both are impossible of accomplishment.

"A truculent bull moose will do its best with hoof and horns to upset the boat."—"The Wilderness Hunter," by Col. Roosevelt, page 119.

President Taft never questioned the authority of the Supreme Court. He never marched up to a political convention and then marched down again.

There are indications that Woodrow Wilson and Tammany Boss Murphy are about to get into each other's hair in New York. Sic 'em, Towser; high-on, Rover!

So far it has not been shown that Wallace Black, the defaulting official of the Palo Alto Mutual Building and Loan Association, once taught a Sunday-school class.

If the Italian style of skin-tight and unpadded clothes are the vogue in Los Angeles it will be necessary for some of the men folks we know to do their traveling in a barrel.

President Taft's campaign for reelection in Massachusetts began in historic Faneuil Hall, Boston. What a flood of memories are awakened by a mention of the famous meeting place.

The course pursued by the McNamara brothers is still open to the alleged dynamite makers whose trial has begun in Indianapolis. There will be national interest in the hearing.

Hot water is now prescribed as a cure for delirium tremens. Nothing new in that. The confirmed tippler is "in hot water" at home all the time and it only aggravates the symptoms.

There is more truth than poetry in the statement of a Chicago teacher that bad biscuits drive many a man to drink. Who ever heard of a good cook being defendant in a divorce suit?

The opening of the California national forests to homestead entry recalls that old song of long ago, one of the lines of which used to run, "And Uncle Sam is rich enough to give us all a farm."

The question, "Shall bachelors be taxed?" will be discussed by a Pasadena club. As if the unfortunate did not already pay a heavy price for their isolation. To tax them further would be rubbing it in.

What has become of the old-fashioned man who used to wash his face from a tin basin on a bench behind the kitchen and made as much noise as a sixty-horse power auto chugging down the road?

In the public addresses of Gov. Wilson he indicates a disposition to sidestep and substitute pedantic advice of the Helping Hand Society band for vigorous discussion and positive convictions. In this respect he falls far short of the Bryan standard and does not measure up to Judge Parker.

YESTERDAY.

Where runs the road to Yesterday?

Does nobody, nobody know?

It can't be far, for I traveled it

When the sun was sinking low.

All of you journeyed the self-same path—

Will nobody, nobody tell?

Is it by the rocks or over the hills,

Or where the white tides swell?

It must be near, for I only turned

A corner and entered the night,

And I slept not long, for my heart was sore

For a glimpse of the backward light.

But, oh, somehow I have lost the trail—

The foot-vent trail that pilgrims made

Journeying up from the Wonderland

Facing the east and unafraid.

But I must go back, go back, you see;

(Will nobody show me the way?)

For I've left my heart and my hope behind

In the land of Yesterday.

But how may I know the grass-grown path?

Where glimmers the mystical light?

I scan the far horizon's gleam

In quest of a hidden sign—

But never a guide post points the way

And never a milestone shows,

And nobody walks the forgotten track,

For nobody, nobody knows.

HACKETT IN

GRAIN OF DUST.

CONVINCING PRESENTATION OF VERY MILD PLAY.

Philips' Story Seemed to Defy Successful Dramatization Without Complete Distortion—Vandeville at the Orpheum and Empress Theaters Yesterday.

"The Grain of Dust," dramatized from one of Phillips' many "last" novels, came to presentation last night at the Mason Opera-house.

We found James K. Hackett the same stalwart half-back American that he always was.

We found Miss Beatrice Beckley much improved.

We found Mr. Hackett supported by a generally excellent company.

And we found a play which is best described by the terse remark of one of the characters: "There has been too much talk and too little said."

Of Mr. Hackett's personal triumph much may be said—much. He was received with plaudits which almost num-totaled an ovation, and at the end of the third act, was drawn be-

lieved to the front of the stage by the author, who presented him to the audience with a personal introduction.

The City Attorney of San Francisco has decided that policemen are not laborers. Why not, forsooth? Do they not "work" the chief?

When Col. Riker harnesses the gulf stream he will essay the task of electing the Bull Moose. Both are impossible of accomplishment.

"A truculent bull moose will do its best with hoof and horns to upset the boat."—"The Wilderness Hunter," by Col. Roosevelt, page 119.

President Taft never questioned the authority of the Supreme Court. He never marched up to a political convention and then marched down again.

There are indications that Woodrow Wilson and Tammany Boss Murphy are about to get into each other's hair in New York. Sic 'em, Towser; high-on, Rover!

So far it has not been shown that Wallace Black, the defaulting official of the Palo Alto Mutual Building and Loan Association, once taught a Sunday-school class.

Mr. Wad Wanted a Set of Evening Scenery in Honor of the Occasion!

GREAT BASEBALL STARS DISCUSS WORLD SERIES.

Ty Cobb Says that, While the Red Sox Have a Good Chance, Any Little Accident Would Change Whole Thing—Rube Marquard Says He Has Been Studying the Red Sox and They Will Lose.

[BY FEDERAL (WIRELESS) LINE TO THE TIMES.]

NEW YORK, Sept. 30.—[Special Dispatch.] James R. McAlister says: "I am confident the boys will go ahead and win the world's series. After that they will go ahead and give Boston good baseball for four or five years to come without any changes in the ranks."

"We have won this year not because the other fellows have gone back, but because our boys have found themselves. They have been coming. They became 'due' and now they have arrived. They will stay for a long time to come."

"I have seen the Red Sox play this season and have had a chance to study them. I am basing my observations on the figures. I feel confident that the Giants will defeat the Sox and it is a confidence borne of the honest belief that we have the best ball club."

Ty Cobb says: "I favor Boston's chances of winning the 1912 world's series, although I don't believe the Red Sox should command big odds in the betting because baseball is so uncertain that some little turn of the game is liable to make the Giants winners."

Boston's strength lies in their wonderful attack backed up by some star pitchers. The fielding of the Red Sox is also very strong, all statistics favor them. New York, The Giants have an exceptionally strong team. I believe they will make a much stronger fight than they did in the series of 1911. They will go into the 1912 series knowing the ropes better and will settle down to business much quicker than they did last fall."

Hugh Jennings says: "The Giants, while lacking the ability of Boston may find that the experience in last year's series offsets Boston's natural advantage. The fine polish of a grueling series is hard to penetrate and they may actually rise superior and play better ball than the Boston team on sheer confidence alone."

ATHLETICS COACH THE RED SOX.

NEW YORK, Sept. 30.—[Special Dispatch.] When the Boston Americans come here this week to close the baseball season the home team expects to put the pennant winners through a course of practice that will help them for the world's series. The Athletics having been through the fire of two world's series, one of them with the Giants, are in a position to give Jake Stahl's men many pointers. This they will do, partly through their loyalty to the two leagues, and partly because James McAlister, president of the Boston Americans, managed the two teams that kept the Athletics on edge for their series against Chicago and New York.

The Athletics will, as far as possible, play the New York style of ball and will try hard to win.

GIANTS PRACTICE FOR STRUGGLE.

NEW YORK, Sept. 30.—[Special Dispatch.] In the first of a three-game series here today with the Philadelphia team, the New York Giants will begin training for the post-season world's championship games. A little rest with just enough exercise, few of those eligible for the world series, will be seen in the remaining games scheduled for the season. McGraw is placing great reliance in Marquard, Tamm and Mathewson to win from Boston and the New York fans are expecting McGraw to outgeneral Stahl in the final points of the game at the crucial stages.

SEATS FOR SALE.

NEW YORK, Sept. 30.—[Special Dispatch.] The National League headquarters Secretary Heydler was busy today preparing his list of preferred patrons, including organized baseball officials, season ticket holders and authorized major league newspapers.

He announced that this list would be closed promptly at 6 o'clock tomorrow evening and that no applications for reservations after that hour would be considered.

These preferred patrons are to be accommodated at the \$5 rate in the upper tier of the grand stand, and after the list has been deducted from the \$600 seats available, in that section, the rest are to be placed on public sale in advance.

RECRUITS GOING STRONG. MCGRAW'S MEN SURPRISE.

NEW YORK, Sept. 30.—[Special Dispatch.] The rest of the 30,000 seats at the Polo Grounds can be bought only at the grounds on the day of the games.

McGraw's men surprised by the strength of McGraw's string of recruits. Such men as Demaree, Kirby, Goulet and Bader, all strange names in the Giants' line-up, have been tried out in the last few games and helped to boost New York's showing.

In the last five games the Giants lost only one. That was certainly due to the so-called star of the

merely had the top of the finger split. Carriagan at once left for New York and the next few days he will watch the Giants in action.

This is the second time within two weeks that Carriagan has been sent to watch the Giants. A week ago he and Wagner, both of whom are acknowledged to be the brains of the pennant winners, shook the rest of

the Red Sox at Cleveland and journeyed to New York.

Capt. Heine and Carriagan spent three days watching the Giants in action. Then they reported to their team in Boston. It is expected that Carriagan will get into one of the games against Philadelphia.

The series between Philadelphia and Boston, which opens up tomorrow, is expected to be nothing more than a tuning-up process for the Red Sox. Connie Mack, the leader of the Athletics, who won the world's championship for the Giants last season, will have his team pull off the stunts which the Giants tried against them last season. This, in connection with the dope Carriagan and Wagner have on the Giants, will give the Sox a severe test. The Sox also have the advantage of having played at the Polo Grounds, while the Giants have never cavorted around Fenway Park.

WESTERN LEAGUE. FINAL STANDING.

CHICAGO, Sept. 30.—The final standing in the Western League, whose season closed yesterday, was announced by "Tip" O'Neil, president of the league, today.

O'Neil said he had heard of no protests regarding games. The standing is:

Club..... Won..... Lost.....

St. Joseph..... 99..... 63.....

Omaha..... 94..... 72.....

Des Moines..... 92..... 80.....

Lincoln..... 82..... 81.....

Sioux City..... 74..... 85.....

Wichita..... 75..... 89.....

Topeka..... 51..... 109.....

The total number of games played was 650.

THE UNIVERSITY MONOGRAM

Was carried by students in the parade from The Times office to the university campus, where the Olympic scholarship was presented to Fred C. Kelly.

team, big Jeff Tesreau, against Boston. Today's victory was the one hundred and first for the Giants this season.

Admirers of the Boston Red Sox heaved a sigh of relief today when it was announced that Larry Gardner and Bill Carriagan would both be in shape to play in the opening game against the Giants for the championship of the world.

The injuries to Gardner and Carriagan were at first looked upon by the followers of the Sox as a serious blow to their chances, but the news that both men are now in tip-top shape has been the means of an added influx of Red Sox money.

Gardner is now at his home in Enosburg Falls, Vt., and in a letter to a friend in this city today, the star third sacker of the pennant winners states that he had fully recovered from the injury which he received in the Detroit series and expected to be in the final game against the Athletics.

The report that Bill Carriagan was in New York looking the Giants over and endeavoring to fathom their style of play was also welcome news to the Sox fans. It seems that Carriagan, who was injured in the game with Washington last Saturday, was not as badly hurt as the officials of the club would like the Giants to believe.

It was at first reported that the plucky backstop of the Red Sox had the middle finger of his throwing hand split in two. Now it seems that he

CHARGE GIANTS WON CROOKEDLY.

NEW YORK, Sept. 30.—President Lynch of the National League plans to have the league directors investigate charges of Horace R. Fogel, president of the Philadelphia club, that favorable decisions by certain umpires were responsible for the New York club winning the pennant this year.

Mr. Lynch says he cares nothing for Mr. Fogel's personal attack upon him, but that the imputation of dishonesty on the part of the umpires cannot be overlooked.

merely had the top of the finger split. Carriagan at once left for New York and the next few days he will watch the Giants in action.

This is the second time within two weeks that Carriagan has been sent to watch the Giants. A week ago he and Wagner, both of whom are acknowledged to be the brains of the pennant winners, shook the rest of

PRESIDENT BAER STATES OXY WILL PLAY OLD GAME.

Repudiates All the Gossip About the Alleged Intention of Occidental to Change Over to Rugby—He Says There Is Room Enough for Both Kinds of Football. To Play Northern Teams.

BY JOHN WILLIS BAER.

(President of Occidental College.)

MORE than ever do I advocate the American game of football, under the new rules and so far as Occidental College is concerned it is here to stay, if my influence counts for anything in the matter.

All the talk about this year being a test year, and that we are fighting Rugby, or that the old game is arrayed against the other and that one or the other must go, does not appeal to me.

The "Old Game" will be played for many years to come and Rugby, too, will have its friends and advocates. Let them live, both of them side by side. We see no reason for giving up the "old" game and certainly do not ask that Rugby be set aside.

With Pomona, Whittier, Redlands and Occidental College playing the "old" game, and other schools like the Sherman Indian Institute, Army and Navy Academy of Pacific Beach, Los Angeles, Military, Harvard, Whitfield State School, and South Pasadena, Pasadena Monrovia, Santa Ana, Long Beach, Santa Monica, Ontario, San Diego, Escondido High Schools, we can always have a large list of games.

NIGHT CARD LOOKS GOOD.

(Continued from First Page.)

Donovan, I never hold an opponent cheap. Donovan is a strong young fellow and I do not intend to take any chances with him. I am ready for a long match as I always am, when I have business on hand, but will win as soon as I can if it is in me."

Al Treloar has been working with McLeod and they have been having some hard bouts at the club. McLeod believes in toughening his muscles by hard work and will be ready for anything Donovan has to offer. The club has made perfect arrangements to seat the large crowd that will surely be on hand.

The match will take place in the center of the gymnasium on a raised platform, four feet above the floor, and the mat will be in the boxing ring to prevent any chance of either man being thrown crushed into the stage.

They have installed plenty of good lights which will be properly shaded from the eyes of the spectators. In fact, everything possible has been done for the comfort of the members and those that come from the outside of the club.

This is the first of many classy exhibitions that the L.A.C. intend to hold throughout the winter months, and everything possible will be done to encourage good clean sport, both professional and amateur.

If you like the wrestling game, don't miss this show. Jockey Kelley who is looking after George Mennie as his manager, received a letter yesterday from Kara Schell of Tart (who recently offered Wolgast a match up in the oil country) saying that the match between Mennie and Billy Murray was off. Murray suddenly changed his mind when he found out the fine condition George was in and left for the East.

Mennie has rounded himself into good condition again and is taking the best of care of himself. He has been working for the past three months at the Western Club and has reduced his weight to 137 pounds and looks as well as he ever did.

Mennie put up several sensational fights out at Naud Junction several years ago and is trying to make good in the game again. He always was a popular boy with the boxing fans on account of his willingness at all times to get busy quick and keep at it as long as he was on his feet.

Jimmy Austin, the little champion bantamweight is looking for a match with Bill Huddy's boy "Gypsy Lyons." Jimmie says Lyons has been knocking out or stopping all the boys he has met so far, and if the Gypsy boy can turn the trick on him he wants to know it as soon as possible.

"I have my eye on that world's bantam title," says Jimmy, "and am willing to meet any and all the tough ones at my weight." Little Jimmy has all the earmarks of a bantam champion and says he would like to make it another for Los Angeles.

"BUTLER'S Dry Gin—superior for cleaning, shining, and bouquet of flavor."

They Rough It. POMONA SQUAD IN FIRST SCRIMMAGE.

THREE TEAMS UNDER STANTON
ON ALUMNI FIELD.

Blue and White Varsity in the Rough. The Pomona College football team, under the coaching of Stanton, played its first scrimmage on Alumni field yesterday afternoon and the first scrimmage of the season took place. For a half hour two eleven fought each other in a rough game.

Coach Stanton of Pomona College had three full football teams out for practice on Alumni field yesterday afternoon and the first scrimmage of the season took place. For a half hour two eleven fought each other in a rough game.

Already the varsity is taking form and Pomona's hopes are brighter than they were a week ago. Cogswell was worked at full on the varsity yesterday and showed great promise. If anything happens to Barnes, Cogswell will be shoved in to fill the breach.

Smith, the hardest, showed up well yesterday. He played right tackle on the varsity. Eakin, at left guard, proved a sensation also. Reeve and Wilson did well on the ends.

Left, the all-star full-back, was worked at half on the varsity, with Brooks playing on the other side of fullback. Both men are doing better than last year and Stanton has a fast back field, even at this early date.

The big hit was made by Watson, at center. This hit is a injury, has caused some concern in the football line before, but it is believed that he will be all right in a few days.

Truman was worked at quarter on the varsity yesterday and did well, but it is believed Youngman, a freshman from Santa Ana High School, will beat him out for the place. If his pants do not interfere. Hollaway, a right half candidate, is also a likely quarter. Stanton has the faculty of developing men in a remarkably short time and the chances are weight will not be missed at all.

Next Saturday the college team will brush with Chaffee Union High School in the first game of the season.

MORE RECORDS BROKEN.

Turner Family Makes Many High Scores and Sets Up New Marks for Other Expects to Shoot At.

Four Coast bowling records were broken by Mr. and Mrs. Clarence Turner at the Majestic alleys last evening in the tournament for the mixed doubles championship of Los Angeles, organized by Alfred Mackenzie. Mrs. Turner lost the record for women ten points by rolling 268 in a single game; her husband bowled the highest series and best average of five games, with a total of 1346 pins and an average of 273; the pair rolled the best single game, with 510 pins, beating the record of 490 by 20, and also played the highest series of five games, for a grand total of 2124 pins.

The game in full scores will be set forth later. It is needless to say that they won over their opponents, Mrs. Johnson averaging 191, and the two running up a total of 1045.

The high order of play may be gauged by a comparison of the figures in the men's doubles in the Class A tournament, which were won by the pair of McKay and Dehnen against Frier and Kaufman. The former team won by 11 pins, with the respective totals of 1432 to 1422. Both these teams bowled below their regular form, but neither has even been in competition the scores of the married pair.

TIGER ROARS LOUDLY.

Occidental Football Squad Shows Remarkable Burst of Speed—Three Teams Out.

The Oxy Tiger was roaring at a great rate yesterday afternoon. Coach Pipal had three teams on the field for full blast, besides a regular line of subs for each team. With all this showing, some of the veterans were not out, owing to night injuries and who, the squad gets to working at it in full strength, the Occidental football machine, chosen from the best material developed on all these teams, should be a winner.

Web Smith, Johnny Cox, Tad Jones and Sidney Foster are still out of the game, but all will be back before the week is ended, with the possible exception of Foster, who has a strained tendon. Pipal does not want to take any chances with his little freshman marvel, so it is likely that he will not be seen in action until the game with Eastern University on October 24.

Capt. Wiseman is going back to tackle, where his work on the defense makes the Tiger line a stone wall. He was played at half-back in the game last Saturday with the Long Beach High School team and it was clearly shown that he is far more valuable at tackle than at half-back.

MRS. CURTIS IN FRONT.

Makes Low Score on Essex Golf Links in Teeth of Gale—Miss Melius Among the Many Entrants.

AT A F. NIGHT WIRE TO THE TIMES. MANCHESTER (Mass.) Sept. 30.—Miss Margaret Curtis, the American women golf champion of 1911, won the honors today in the opening round of the eighteenth national women's golf championship, playing on her home course at the Essex Country Club. Under unusually severe conditions, by reason of a moderate autumn gale, Miss Curtis covered the course in the qualifying rounds of 18 holes in 85 strokes, three better than Miss Georganna Bishop of Bridgeport, the 1904 holder.

Among the pairings together with the scores today were: Miss K. F. Dunne (189) and Miss K. Melius, Los Angeles (105); Miss Marion Hollins, Westbrook (104) and Miss Edith Chesbrough, San Francisco (104).

THREE FINGERS TO GO.

Waiters Asked on Famous Heaver of the Chicago Cubs Who Helped Chance to Win Six Pennants.

CHICAGO BUREAU OF THE TIMES, Sept. 30.—[Special Dispatch.] Chicago fans were given the biggest surprise of recent years today when Press Chance confirmed the rumor that Mordecai Brown, the three-fingered wizard, was slated for the canning factory.

Chance admitted that waiters had been asked on the former idol of the Windy City fans and it looks as though the hero of many hard-fought games at the West side

Rackety, Hackety—Wah, Who, Wah—In a Moreland Truck.

When the automobiles gave out, a big Moreland truck was called into service and was filled with rosters from the U.S.C. campus. They were brought to The Times office, where the start was made and were a star feature of the parade.

Thanks to Auto Men.

GASOLINE PARADE IS ONE HUGE SUCCESS.

BY AL G. WADDELL

AUTOMOBILE dealers helped welcome Fred W. Kelly back to U.C. yesterday and made the automobile parade, arranged by The Times in honor of the world's champion hurdler, the greatest thing of its kind ever attempted in Los Angeles. There were seventy-three machines in line. The cars were decorated in true college style, with pennants, streamers and the Stars and Stripes. The various departments of the university were all represented in the column and in addition to the cardinal and gold, the colors of the affiliated colleges were much in evidence.

Law school had a large turnout. The law men made a great showing with their large banners and the athletics in their "rough necks" gave the string of machines a colorful appearance. The parade started from The Times building at First and Broadway. A Chalmers "28" led, with Lieut. Butler, Lieut. Murray and Owen R. Bird riding with Al. Luby of the Western Motor Car Company. Following the Chalmers, Gen. Harrison Gray Otis's car was driven. Dr. George F. Bovard, president of the University of Southern California, rode with Gen. Otis.

Capt. John D. Fredericks, Dr. Walter Lindley and Judge River, rode in the third machine. "Bud" Rose drove his Chalmers behind the District Attorney's car. "Rap" Hogan, Bolt Knox, Johnny Kane and Arthur Lee, rode in the "Night Hawk." Kane wanted to ride in a Chalmers as his friends have told him he will win the Chalmers trophy and the fast Vernon player took advantage of The Times automobile parade for a lesson in driving.

Fred Kelly, the man of the hour, rode in the fourth machine. A Case 48, driven by F. H. Nickel of the Vance-Cavanaugh Motor Company, with the champion, in the gaily-decorated Case, rode Mr. and Mrs. Kelly and Mrs. Slater. The machine, which made the big hit was the one driven by Chaffee, the high jumper. An S. C. monogram had been built on the car and draped in the varsity colors. There were grounds was due to pass out of the major leagues.

Brown injured his knee in a ten-inning game last July and has been of little use to the club since that time. The majority of the time he has been on the road acting as a scout. Brown first came to the Cubs in 1903 and since that time has been rated as one of the greatest twirlers that ever donned a glove. He aided the Cubs in bringing four league championships to the Windy City and two world's championships.

His most notable feat was in 1908 when he relieved Jack Pfeiffer in the third inning and held the Giants runnerless for the remainder of the contest. The game deprived the New Yorkers of the National League championship.

RUCHANAN THROWN OUT.

Los Angeles Football Coach Relieved of His Command at Reno on Eve of Big Game With Berkeley. (BY DIRECT WIRE TO THE TIMES.) RENO, Sept. 30.—[Exclusive Dispatch.] N. Ruchanan, former athletic instructor of the Los Angeles Athletic Club and coach of the University of Nevada, was this evening relieved of his position by Graduate Manager S. R. Room, following an expression of dissatisfaction on the part of the members of the Rugby team.

This action, coming on the eve of

HARRY THOMAS BEATS DUNDEE.

NEW YORK, Sept. 30. Sporting Editor of The Times, Los Angeles: Harry Thomas had an easy time outpointing Johnny Dundee tonight at Madison Square Garden. Dundee continually held Thomas's arms to protect himself from the punches.

From now on Thomas will fight only lightweights.

JIMMY JOHNSTON.

OUR ATHLETE HONORED.

(Continued from First Page.)

J. D. Fredericks and Dr. Healey were cheered loudly. Of course "Prox" got a yell that made the boards rattle.

As we were watching the gathering of notables on the platform the whole mass of students on the bleachers rose to the last man and a mighty cheer split the welkin. Kelly, wearing a new Henderson, rode in a new Henderson. Bovard was a marshal and he kept the driver of the Henderson busy running up and down the line of machines in a Paige touring car.

W. T. Brotherton drove a "crankless" Haynes loaded down with lads whose porcel heads matched the color of the car. The Haynes agent said he didn't pick out the men to match the car, but they kept their hats off and a bright green, Pratt "48" pennant. A near rainbow.

Wat Moreland had one of his big distillate trucks on the job. A crowd of rosters climbed into the motor wagon and kept up a great noise as the parade went down Broadway, up Spring and out Main street to the university.

On Jefferson street the line broke and Kelly's parade ended in a miniature road race. As the machines reached Bovard Field, they were driven to places near the bleachers and the stand erected for the speakers of the day. The seventy-three decorated cars made a great showing, packed close together on the field.

After Kelly had been presented with the scholarship by Gen. Otis and the champion had spoken a few words to the crowd, Dr. Bovard announced that the first lecture of the new automobile course which has been instituted at the university, under the direction of Stanley Smith and Earl Y. Booth, would take place this afternoon at 1:15 o'clock.

The local university is the first in the country to offer a course in practical automobile engineering and educators all over the United States will watch this course with great interest.

Nevada's greatest contest, the game with the University of California Saturday on the Berkeley field, has concluded somewhat of a sensation. Buchanan was brought to Nevada at considerable expense and great things were expected of him.

The Nevada football team has won every game thus far this year and the game Saturday is looked upon as the greatest contest of the year. No coach has been selected to all the vacancies.

CHINESE LOAN
GOES BEGGING.Few Popular Subscriptions
in London.Bonds Quoted in England at
a Discount.Lawlessness Again Rife in
the Orient.

(BY CABLE AND A. P. TO THE TIMES.)
LONDON, Sept. 30.—The issue of the "Independent Chinese loan" last week was a failure as far as the public was concerned only about 40 per cent of the £15,000,000 offered was subscribed by the public, so that the underwriters had to take up the remaining 60 per cent. Charles Rich, the head of the syndicate, said that the number of applications, including those of the underwriters, was £800,000, and the amount asked for was \$4,500,000. The loan is quoted at 1-4 per cent discount.

Mr. Crisp's associates say the additional Chinese loan of \$10,000,000 being issued in Hamburg, has no connection whatever with the Crisp loan.

GERMANY DISAPPROVES.
DOESN'T LIKE LOAN IDEA.
BERLIN, Sept. 30.—The German government is inclined to disapprove strongly the issue of the \$10,000,000 "Independent" Chinese loan in Hamburg, of which the authorities first learned from the newspapers.

The Ministry of Finance is doubtful of the success of such a flotation, although it is admitted that government control is perhaps less effective in Hamburg than in other financial circles.

MORE LAWLESSNESS.
ONE PROVINCE AFFECTED.
AMOI (China) Sept. 30.—The lawless element of the population of the province of Fu Kien has become so powerful that the troops at the disposal of the authorities are unable to cope with the disturbances. According to reports from Foo Chow the Governor of the province has requested reinforcements from the army stationed in the north.

EARTHQUAKE SHOCK.
IT CAUSES PANIC.

(BY DIRECT WIRE TO THE TIMES.)
VALPARAISO (Chile) Sept. 30.—Panic in consequence of the prediction of earthquakes caused most of the inhabitants of Valparaiso to pass last night in tents pitched on the open spaces and in the parks, where people played to cheer them while troops patrolled the streets. At midnight a slight shock occurred. Several shocks caused a panic in the district between Iliapel and San Fernando.

MAY STRIKE IN CHICAGO.
Union Street Car Employees
Threaten to Quit Tomorrow if They
Don't Want What They Want.
[By Federal Wire] (Chicago) Sept. 30.—The last straw in the way of a general strike in Chicago seemed to have been broken tonight, when Mayor Harrison was officially informed by the union leaders that unless the traction companies gave in to the leading demands of the employees by noon tomorrow a strike would be called for Wednesday.

PITH OF THE DAY'S NEWS
FROM THE MIDDLE WEST.

(BY DIRECT WIRE TO THE TIMES.)

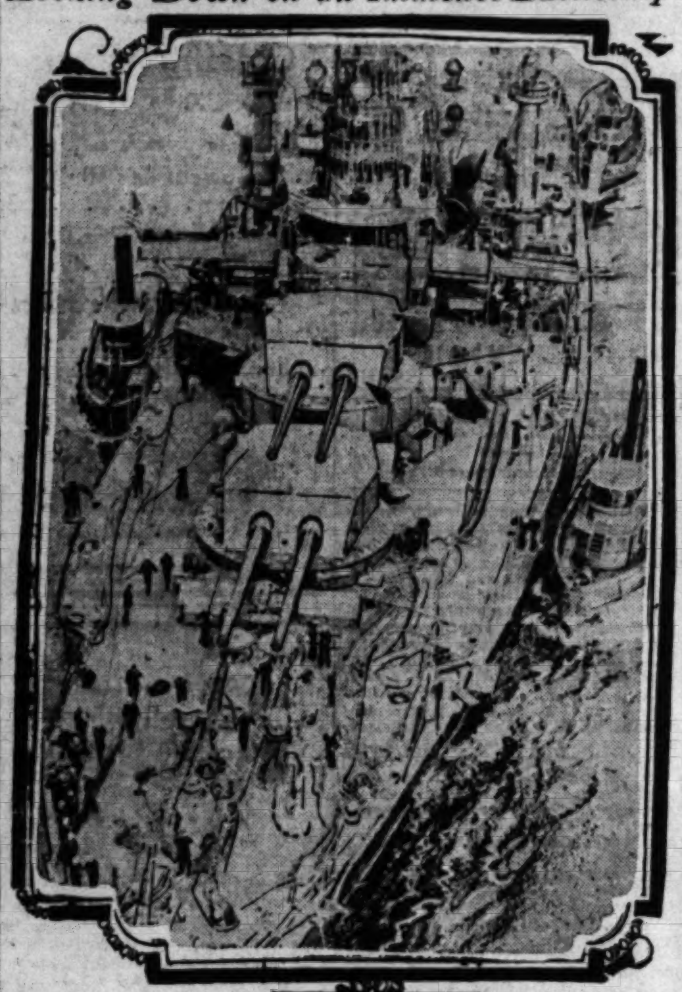

CHICAGO BUREAU OF THE TIMES, Sept. 30.—[Exclusive Dispatch.] The first touch of Indian summer came today, drifting in on a southwesterly wind at fifteen miles an hour. The day was clear, aside from the purple haze over the lake—a certain sign that the summer is passing. Cooler weather prevails all over the Eastern States, the east central district, but higher temperature is noted in the Gulf Coast country, the Pacific States and the west central division. The maximum temperature was 81 deg. and the minimum 43 deg. Other temperatures:

Looking Down on an Immense Battleship.

The New Battleship Florida.

This remarkable photograph of the gun decks of the battleship Florida was taken recently from an elevation. On the arrival of the 127 vessels that will make up the Atlantic fleet when it mobilizes in the Hudson River from October 12 to 15 President Taft and the officials of the Navy Department will have another chance to view the greatest battleships of the world. This year it is expected larger numbers than ever before will crowd the shores and other places of vantage. A great land parade will follow the arrival of the fleet. The above photograph gives a clear view of the forecastle of the Florida, one of the finest boats in the Atlantic fleet.

Super-Dreadnaught

WASHINGTON BUREAU OF THE TIMES, Sept. 30.—[Exclusive Dispatch.] The battleship Florida, super-dreadnaught, is an important addition to the American fighting power. The length of the ship is 521 feet, six inches over all. She has a beam of eighty-eight feet, two and one-half inches. The mean draught is twenty-eight feet, six inches, and the total displacement is 13,915 tons. This is exclusive of rigging. When trimmed for battle her displacement will approximate 23,000 tons. Her bunkers carry 2500 tons of coal, and her tanks 400 tons of fuel oil. She carries armor of steel plates twelve inches thick, tapering to eight inches below the water line, and on portions of the turret not exposed to direct fire.

The magazines are protected by fine steel plate six and one-half inches thick. She carries ten twelve-inch guns, mounted in turrets on the fighting deck and sixteen five-inch guns, distributed amidships. She has shown she can make twenty-one knots an hour or better. She is driven by ten huge turbine engines, six forward and four astern, and the twelve water bed furnaces are adapted for the burning of either coal or oil. She is protected against submarine by a marvelous subdivision of the hull and a powerful pumping plant, neutralizing the effect of any shell that might pierce her casing and admit water.

She is commanded by Capt. Harry S. Knapp, and cost in excess of \$4,000,000. She enjoys the distinction of having been constructed without the death of any workman engaged in her building, and the navy yards replete with predictions of what she will do in action.

ARIZONA POLITICS.

Representatives of the Three Parties Meet in Phoenix and Organize for the Campaign.
(BY DIRECT WIRE TO THE TIMES.)
PHOENIX (Ariz.) Sept. 30.—[Exclusive Dispatch.] Today in Phoenix were held meetings of the Central Committee of the three parties, preliminary to more general party councils, which are to convene tomorrow. The latter was held in the city of Phoenix, where the party platform will be promulgated.

There was entire harmony in the Republican Committee, which re-elected J. Lorenzo Hubbell of Apache county chairman and chose Charles E. Arnold of Phoenix secretary.

Mr. Hubbell says the short campaign period will be filled in with hard work to place the State in the Taft column. The Progressives elected Capt. J. L. B. Alexander of Phoenix chairman and R. Rasmussen of Tucson secretary.

At the Democratic meeting there was a stiff fight between the radicals, representing the wing of the party to which Gov. Hunt belongs and the old guard, represented by Senator Mark Smith. The latter was re-elected. As chairman by a vote of 42 to 25 George A. Olney of Maricopa county, for years a prominent politician of Graham county, was elected chairman. It had been expected that Chairman John J. Bird of Graham county would be elected, but he was opposed too strongly by the radicals. John H. Robinson of Prescott was made secretary.

MR. HUNT ON THE RACK.
He Declines to Tell in Cheyenne Whether or Not He'd Take a Job Under Woodrow Wilson.
(BY A. P. WIRE TO THE TIMES.)
CHEYENNE (Wyo.) Sept. 30.—"If Gov. Wilson is elected President, would you accept, if offered, a position in his Cabinet?" was asked William J. Bryan, on his return here tonight to wind up a day of speech-making in Eastern Wyoming. He left here early this morning for Wheatland and spoke several times en route. After addressing a large crowd at Wheatland this afternoon he arrived back at 7 o'clock.

The question was asked by a reporter waiting at the station to greet him.

"I consider that question impertinent," retorted Mr. Bryan, after a few seconds' hesitation.

MISSOURI POLITICS.

Electors Repudiate Agreement Because He Says Gov. Hadley Hasn't Said to His Back.
(BY A. P. WIRE TO THE TIMES.)
ST. LOUIS, Sept. 30.—Many, if not all, the eighteen Republican electors in Missouri recently signed an agreement pledging themselves to vote for Taft for President. If the eighteen votes in Missouri in the electoral college would elect him, but otherwise to combine with electors from other

HEAR REPORTS OF CONFESSION.

Indicted Men Are Worried by Dame Rumor.

District Attorney Maintains Discreet Silence.

All Is Ready for Trials in the Hoosier Capital.

(BY DIRECT WIRE TO THE TIMES.)

INDIANAPOLIS, Sept. 30.—[Exclusive Dispatch.] The absorbing question in the Hoosier capital is that of possible confessions from some of the indicted men; and if confessions are now in the hands of the district attorney, the further question arises, who has made them and to what purpose. Defendants and transactions do they relate?

The rumor that some one, perhaps more than one, has confessed, was so persistent today that it was openly discussed, and though hooded at first, as probable, as has been his rule since he became connected with the case, the district attorney maintains a discreet silence, neither affirming nor denying any reports to which his attention is called.

DISCREET SILENCE.

All the defendants were in consultation with their attorneys today and the letters on which the indictments are based were gone over, one by one, with each of the defendants referred to in them. It is said they explained what they understood by the instructions from McNamara and President Ryan and also what action they took under the instructions. It is said in each case a plausible explanation was given and the attorneys announced that if this theory could be maintained on the witness stand the defendants would be acquitted. While the depression was not great as yesterday, it was evident that the jokes that some of the defendants tried to get off on were not so successful and that the situation in which they find themselves is too serious to be made sport of.

McMANIGAL IN LIMELIGHT.

Tomorrow for the first time many of the defendants will see Orville B. McManigal, the dynamite, who is an important witness for the government. While McManigal has charged that several of the defendants were engaged with him in his dynamite operations, it is conceded that some of the others, men whom he had never seen. Some of those he has charged were engaged with him in dynamite have asserted that they have never seen him, and that they have never seen him, and that they have never seen him. Numerous inquiries concerning McManigal were heard among the defendants. At the time of the arraignment here last March the dynamite was not in Indianapolis, but today, when it is known that he is here, the dynamite furnished an interesting topic for conversation. Interest was evident in the likelihood that the defendants will see the dynamite in the morning for in open court McManigal, Clancy and Twitmore will be arraigned.

ALL DEFENDANTS IN THE CITY.

All the defendants are here tonight, and many of them today received copies of the letters which they are said to have written either to McNamara or to Ryan. They were asked about their contents and what they understood them, then received them. It is conceded that the testimony of McManigal will be the hardest to combat, in connection with the reference in the letters. His confession, as it was given to the public soon after the indictments were returned, was carefully studied, both by the attorneys and the defendants mentioned in it. Whether McManigal has made a supplementary confession, implicating others than those whose names were originally given, cannot be learned, but it is believed he has. The government is ready for the trial and all but three of the jurors are here and ready to appear in court in the morning. It is said to be the programme of the defense to object to any member of the Executive Association being on the jury, for the reason that the association employed Burns to ferret out the conspiracy and has an interest in the conviction of the defendants. Several of the jurors are manufacturers and are members of the Manufacturers' Association. One of the defendants who expresses a feeling that an injustice is being done him, is Moulton H. Davis, of West Chester, Pa., formerly a Philadelphia ironworker. He has not been a member of the Ironworkers' Union since 1906, he says. He has been engaged in the lumber business for several years.

RAILROAD EARNINGS.

Gross Receipts, Particularly in the Southwest and West, Continue to Make Good Showing.

(BY DIRECT WIRE TO THE TIMES.)

CHICAGO BUREAU OF THE TIMES, Sept. 30.—[Exclusive Dispatch.] Railroad gross earnings continue to make a satisfactory comparison with a year ago, the total of all United States roads reporting to date for the first two weeks in September amounting to \$17,472,784, a gain of 4.3 per cent. compared with the same week last year.

The favorable showing is especially pronounced by roads in the West and Southwest, where the movement of unusually large crops is reflected in a marked expansion in earnings of many leading systems, several that formerly reported losses now making good gains.

In the South returns do not show the uniform increases of a short time ago, but the exhibit as a whole is satisfactory, for the falling off that appears on some roads is generally very small and far more than offset by the gains on others.

ANOTHER FLYER DEAD.

Sonneburg (Germany) Sept. 30.—The death of another German army aviator, Lieut. Willy Hafer, occurred today. He was injured during the imperial maneuvers in Saxony, when his aeroplane collided with a tree while he was making a reconnoitering flight.

THERE are indications that the federal government is making a reconnoitering flight.

"BUNKER'S Dry Oil" compounds for clean, safe, delivery and longest of service.

NOMINATING PETITIONS.

Nineteen Filed in Sacramento to Make Politics in California a Continuous Performance.

(BY A. P. NIGHT WIRE TO THE TIMES.)

SACRAMENTO, Sept. 30.—Nineteen nominating petitions were filed today in the Secretary of State's office. They are as follows:

William Kent, Kentfield, Independent, for Congress, from the First District; Edna B. Taft, Safford, Prohibitionist, for the Assembly, Sixty-second district; L. A. Pickering, White, Prohibitionist, for the Senate, Thirty-third district; Charles H. Randall, Independent, Sixty-first Assembly District; Don A. Allen, Fresno colony, Prohibitionist, Fifteenth Assembly District; William J. Caspary, Pasadena, Independent, Thirty-sixth Senatorial District, for the unexpired term of Senator Charles W. Bell; C. J. Uhl, Vacaville, Independent, Sixteenth Assembly District; George S. Tarnell, Pasadena, Prohibitionist, Nineteenth Assembly District; L. C. Haller, Los Angeles, Socialist, Seventy-fourth Assembly District; Lucy D. Wilhite, Los Angeles, Prohibitionist, Seventy-first Assembly District; Jesse W. Robinson, Long Beach, Prohibitionist, Seventeenth Assembly District; Kevin Hogan, Los Angeles, Prohibitionist, Seventeenth Assembly District; Daniel B. Koenig, Los Angeles, Prohibitionist, Thirty-first Senatorial District; Enoch H. Hall, Los Angeles, Prohibitionist, Sixty-first Assembly District; Horace J. Winslow, Los Angeles, Prohibitionist, Seventy-third Assembly District; Alice F. Worthy, South Pasadena, Prohibitionist, Sixty-ninth Assembly District; Henry W. Kink, Los Angeles, Prohibitionist, Sixty-eighth Assembly District; W. J. Phillips, Los Angeles, Prohibitionist, Sixty-third Assembly District; Charles J. Frimes, Pasadena, Independent, Thirty-sixth Senatorial District.

CHICAGO BUREAU OF THE TIMES, Sept. 30.—[Exclusive Dispatch.] A table has been compiled by the special committee on relations of the railway operation to legislation disclosing that forty-eight laws dealing with the operation of railroads were enacted in various States during the present year.

The committee represents all of the leading railroads in the United States. The statistics it has prepared show that 291 bills relating to railroads were introduced in the Legislatures of thirteen States. There were 101 bills relating to employees and of this number seventeen were enacted into law. Eight of the latter laws were passed by the Legislature of Arizona. Even laws relating to the operation

of equipment of passenger trains were passed in the States of Georgia, Kentucky, Maryland, Massachusetts, Mississippi and South Carolina. Five States passed a total of six laws relating to headlights and appliances. Other laws relate to Sunday trains, speed of freight trains, track scales and weighing, trespassers and shop equipment. More bills regarding railway operation were introduced in New York than in any other State, but only two out of thirty-three were passed.

SINGER STOCK IS GOOD.

Appraisal of Woman's Estate Shows Sewing Machine An Mighty Good Dividend Producer.

(BY DIRECT WIRE TO THE TIMES.)

NEW YORK BUREAU OF THE TIMES, Sept. 30.—[Exclusive Dispatch.] Stock of the Singer Manufacturing Company is valued at \$490 a share with a par value of \$100, in the appraisal of the estate of Mrs. Josephine Blanche Chambers. Mrs. Chambers had 1238 shares of stock appraised at \$578,840 and her entire estate is valued at \$848,249. The estate goes to her son, Robert A. Chambers, 14 years old.

The boy's father died a few months before his mother and he has an income of \$5000 from the estate of his father and \$25,000 a year from his mother's estate. Under an order of the court, his guardian is permitted to spend only \$1500 a year for his education and maintenance.

Business Worry Not Drugs.

SAN MATEO (Cal.) Sept. 30.—[By A. P. Night Wire.] Business worry, not drugs, appears to have been responsible for the narrow escape from death of a man found unconscious here on the railway tracks. He was resuscitated today and gave his name as A. E. Wiltner, No. 1117 Florio street, San Francisco, a harness maker.

With the largest attendance in its history, the twenty-first convention of the National Irrigation Congress opened today in the city of its birth. An elaborate musical programme, address of welcome and the response by the president of the congress, were the features of the morning session in the tabernacle, which was crowded to capacity.

Miss Lucille M. Francke, queen of the congress, opened the congress by royal proclamation following the singing of the Star Spangled Banner, amid the waving of thousands of small American flags.

George Johnston, chairman of the Utah Board of Control; Gov. William Spry and Mayor Samuel C. Park extended welcomes and Gen. Marshall, secretary of the congress, presided. Taft, delivered a message from the President, who said he was in hearty sympathy with any action the congress might see fit to take on behalf of the farmer.

The following message from Gov. Newlands was read by Senator Newlands:

"Please express to the National Irrigation Congress my hearty approval of the turning of the National Irrigation Congress to the policy of supplementing bank and levee protection by storage of flood waters above for irrigation and water power, turning floods from a menace into a blessing and at the same time abundantly feeding the people."

With a spectacular street parade, embodying all the features of a carnival, the first day of the congress closed tonight. This afternoon the congress listened to reports and to addresses, the principal one of which was by Senator Smoot of Utah.

LAND LAWS.

"Liberalizing land laws," was the subject of Senator Smoot's address. "Ever since 1860 the provisions of our land laws have proved unworkable and the complete control of their waters in such a way as to maintain an equal flow for navigation. This involves the lowering of the flood flow and the raising of the ebb flow so as to secure a standard flow suitable for navigation. Such control therefore necessarily involves not only as heretofore bank and levee protection in the lower reaches of each river, but also the maintenance of a fixed channel of suitable depth, but also the control of the flood waters above the tributaries and source streams in such a way as to mitigate the destructive violence of the floods to prevent their devastating flow to the ocean and to hold the waters in the depths of cultivated fields and in artificial reservoirs to be used for power development. Thus compensation can be secured for water and power rights which will tend to diminish the cost of the control of the rivers for navigation and at the same time we shall have an equal and proportionate development, not only navigation but of cultivation and power upon which in a large degree the prosperity of the country depends. This policy does not mean the abandonment of the levee protection and channel work heretofore pursued in the navigable portions of our rivers. The policy is supplemental in its character and is intended to make more complete the work of flood protection which thus far has been insufficient."

CHICAGO BUREAU OF THE TIMES, Sept. 30.—[Exclusive Dispatch.] The registration of delegates indicates a record attendance. Australia, Portugal, Persia, Guatemala, Mexico and Canada are among the foreign nations represented. Several of the delegates are women.

CONSTIPATED, BILIOUS, CIOUS "SYRUP OF FIGS."

the tongue, sweetens a sour, gassy, bilious your liver and 30 feet of bowels out gripe or nausea.

way—they have a bowel washday—that is all wrong. If you will take a little of this delicious Syrup of Figs tonight you will never realize you have taken anything until morning, when all the poisonous matter, sour bile and clogged-up waste will be moved on and out of your system thoroughly but gently—no griping—no nausea—no weakness. Taking Syrup of Figs is a real pleasure. Don't think you are drugging your self; it is composed entirely of delicious figs, senna and aromatic and constant use cannot cause injury. Ask your druggist for "Syrup of Figs" and Eliza of Senna. Ask for the name, California Fig Syrup Company, on the label. This is the genuine—old reliable. Any other Fig Syrup offered as good should be refused with contempt. Don't be misled by cheap imitations.

Cry for Fletcher's

MANY NOTED NAGS ARRIVE FOR COMING RACE MEET.

THE advance guard of the pacers and trotters that are to be seen at Exposition Park this month, when they will appear in the various events that make up the four days' programme of the Los Angeles Horse Association's race meet, arrived at the track yesterday from Stockton.

Budd Doble, the veteran reinsman and the most noted of the trainers alive today, laughed when he saw his old friend, Ted Hayes, cavorting around with Tappie, also famed on track and in kennel. These two old pals, of twenty-five years' standing, trooped along in the wake of Wilbur Lou (2:10.4), the Pacific Coast champion 1-year-old, and Hemet (2:09.4), the double figure winner, discussing the merits of the various horses and when Hayes put Fonda on the map of the Empire State.

Close on their heels came the string headed by Walter Mahon, headed by Lottie Ansel (2:14.4), John W. Connelley's sweet little champion filly, Dunaham (2:08.4), entered in the 2:10 and 2:15, and the property of Mrs. Beverance of San Bernardino, in the 2:15.

TO STOP JOYRIDING.

SOUTH PASADENA, Sept. 30.—A new experiment in local police circles is being tried out by the motorcycle squad under the direction of Detective Wilson. They have planned to put an end to promiscuous joy riding through the city at all hours.

Two arrests followed last evening as a result of the new order of things.

Carl Benson of Los Angeles paid a fine of \$20 this morning, and H. E. Williams of the same city paid a \$10 fine.

William Lowry captured R. H. Long of Pasadena at the Raymond Hotel and haled him before Justice Soper, who levied a fine of \$15.

It was charged also that the speeder ignored the orders of Police Officer Lowry, who crossed over on the right side of the street, at Fair Oaks and Mission.

City Marshal Johnson has ordered a sign board with letters to be placed on the right side of the street at this point, and the Street Lighting Commission to have an electric light erected above the sign board for the benefit of the travelers at night.

A start was given to the campaign against offenders.

BLOCKADE STREET.

The long standing question of what to do concerning the blocking of cars on Mission street by the Pasadena Electric Express Company, came to a focus Saturday, when City Marshal Johnson notified President Ed. T. O'Connell of the company, that if the practice of blocking Mission street is not stopped forthwith.

Mr. O'Connell explained that the contract between the Pacific Electric and the Pasadena Electric Express Company, was for the use of the tracks, and that the company was not to be held responsible for the blocking of the street.

He stated that he had endeavored without success to get the railroad to remove the tracks, and that he was now presenting the matter to the city.

The merchants of the section discussed the situation, and decided that the only method of settling the matter was for each party to submit a picture to the city, and that the picture should be submitted by the city.

There are six cars a day from Los Angeles, and the same number from Pasadena, and the city is now receiving pictures from each party.

HE'S IN A QUANDARY.

Los Angeles Man Writes to Missouri to Find Out Whether He's Really Married.

ST. LOUIS (Mo.) Sept. 29.—[Exclusive Dispatch.] In his letter to Recorder Henry Hineman at Clayton, St. Louis county, Missouri, today, Karl Eugene Kolbe, No. 230 1/2 South Spring street, Los Angeles, says he married him in St. Louis county New Year's night, 1905, and asks the recorder to let him know whether she is still the wife or not.

Jim Stewart shipped in Homer Mac (2:08), looked on by many as the winner of the 2:10 pace; Hal Mac, a black pacer, with a trial of 2:10, and Larry Mac, a black mare with a mark of 2:12 1/2, entered in the 2:15.

J. C. San Diego's Wallace shipped Kenneth C. (2:15 1/2), entered in the 2:14 trot, and that sweet little mare, Ansel (2:14 1/2), entered in the 2:15.

A. S. Elliott shipped in the same car Monica McKinney, entered in the 2:10 trot.

These horses are the first of those which will be shipped to Los Angeles, and the others will arrive after the meeting at Fresno. The trainer will rest them today and start work on Wednesday morning.

W. P. Nairn, the official starter of the meeting, arrived from Stockton yesterday and reports that horsemen are looking forward to the local meet, and that the race meet will be a success.

Budd Doble dropped into the association headquarters en route to Hemet, and said that he would probably become a Pacific Coast horseman and breeder, what Lexington is to eastern horsemen.

Noted at any time in the general dress of the classes who go in for better wearing apparel.

Speaking of European fads and fancies, Hirsch said that men and women are seen in new things in clothes as the ordinary American man of business.

"The average Continental business man," speaking of the man in office, in stores and in average lines, is not nearly as well-dressed as the clerk, the stenographer, the office man or the average American.

"This is due principally to the fact that wages in Europe will not allow an extensive taste in clothes as will those paid in this country."

The Chicago manufacturer, who is still a young man, and whose business has grown from a city of 50,000 to its present size, and each recurring visit into the city with the wonderful future for a city which started with a mere handful of people.

"I have been here on previous occasions and have watched the city grow from a city of 50,000 to its present size, and each recurring visit into the city with the wonderful future for a city which started with a mere handful of people."

"I have been here on previous occasions and have watched the city grow from a city of 50,000 to its present size, and each recurring visit into the city with the wonderful future for a city which started with a mere handful of people."

"I have been here on previous occasions and have watched the city grow from a city of 50,000 to its present size, and each recurring visit into the city with the wonderful future for a city which started with a mere handful of people."

"I have been here on previous occasions and have watched the city grow from a city of 50,000 to its present size, and each recurring visit into the city with the wonderful future for a city which started with a mere handful of people."

"I have been here on previous occasions and have watched the city grow from a city of 50,000 to its present size, and each recurring visit into the city with the wonderful future for a city which started with a mere handful of people."

"I have been here on previous occasions and have watched the city grow from a city of 50,000 to its present size, and each recurring visit into the city with the wonderful future for a city which started with a mere handful of people."

MITCHELL'S EXPOSITION

PARK SQUARE.

Of the very best class, too.

The exposition is especially well located

and artistically laid out. Lots are large, all

newly improved and in the best of condition

in that of a finished product, nearly available

to the public and making your home

to be a reality.

Exposition Park faces the tract on the

west. This tract is a beautiful spot in

the city and is the only one of its

kind in the tract.

No one can fail to see that an investment

in MITCHELL'S EXPOSITION

is a paying one. The value

of the tract is increasing rapidly

and with the completion of the

exhibition a splendid opportunity will

be offered to the public to acquire

at a low price a beautiful spot in

the city.

Only 1000

Cities and Towns of Los Angeles County

NEWS REPORTS FROM CORRESPONDENTS OF THE TIMES.

SOCIALISTS ARE INSISTENT.

Pasadena Officials Wobble When Demands Continue.

Female Prohibitionists Also Want Right to Talk.

Municipal Tree Spraying Department Now Proposed.

PASADENA, Oct. 1.—The subject of holding public meetings in Central and Library parks became the prominent question to be considered by the Board of City Commissioners yesterday. After receiving petitions from both the Socialists, whose Sunday afternoon political meetings at Central Park were the cause of the controversy, and the Woman's Christian Temperance Union, which has long held Sunday afternoon meetings in Library Park, and listening to the "demands" of the Socialist committee, the commissioners declared that they would have to have time to think.

Accordingly, a conference of the commissioners has been called for this evening. No one else will be present and Mayor Thum declared last night that as it is to be merely a conference no definite action can be taken, although the question will probably be decided one way or the other.

As it stands now, the commissioners are divided. Some of them, and presumably the Mayor among these, are about ready to reverse their decision of a few weeks ago and allow the meetings to continue, while others are opposed to doing so.

The plan of the commissioners to permit the meetings to be held at Central Park playground instead of where they would not be offensive to those who merely desire to go to the parks Sunday afternoons to rest, did not meet with favor with the Socialists, who want nothing but their own way and Central Park, and one of whose spokesmen declared yesterday that people will not go so far as Carmichael playgrounds to attend their meetings.

IMPROVEMENT TALKED OF.

If the money can be obtained—and the commissioners think that it can be squeezed from the general park and special funds—a public rest building and comfort station for women, to cost about \$2500, will probably be built at Central Park within a few months. The commissioners are also talking of building one at both Central Park and Library Park, but Mayor Thum announced last night that but one will be constructed this year.

The building will be designed along attractive lines, and the Shakespeare Club will take charge of it and maintain a woman custodian. There is to be a commodious rest room where women may go and rest if tired or ill.

WANTS TREES SPRAYED.

Dr. Rudolph Schiffman, himself formerly a city commissioner, yesterday asked the Commissioners to establish a municipal department of tree spraying, whose province it shall be to take care of the trees of the city in a communication that he addressed to the commission. He called attention to the electric light, water and garbage departments of the city, and declared that a department of trees is fully as necessary to the city's well being and good appearance. The commissioners took the matter under consideration.

WILL NOT RUN.

After the friends of Charles Grimes, the Tom Reed millionaire, had strained every nerve to circulate a petition quickly enough to make him a Senator for the district, Grimes, who had declined to run, and had succeeded in getting the requisite number of signatures to it, Grimes has returned home from his mine and declared that he will not accept the nomination. He said yesterday that he appreciates the honor and is very grateful to his friends for what they have done for him, but that being president of the Tom Reed Mining Company, he feels it his duty to give his entire time to the management of his property. He declares that if he were to become a State Senator he would either have to slight his business affairs or else his senatorial duties.

OPENS AUDACIOUSLY.

The first assembly of the Throop Polytechnic Institute was held at the school yesterday morning. The enrollment for the first semester shows an increase of 30 per cent. over the enrollment of last fall.

Joseph O. Cross, principal of the High School, addressed the students yesterday morning. His talk was an able one and inspiring to the students who heard him.

The work of the institute is to be broadened along several lines this year, and extensive plans have been made.

ENGINE IS TARDY.

Chief Clifford of the fire department is beginning to despair of ever receiving the new auto pumping machine, which is to be the pride of the fire department. It has been shipped from the East and sent from Oakland to San Pedro by boat. It is to be brought from that place by its own power.

The apparatus was due to have arrived in the city day before yesterday, but it failed to come, and Chief Clifford has been unable to find out where it is.

FIFTY BRIDGES PLANNED.

L. B. Austin, proprietor of Switzer's Camp in the Arroyo Seco, is considering the project of bridging the stream so that mountain climbers may make their way up the canyon this season without having to wade the stream.

The stream crosses the trail over fifty times between the mouth of the canyon and Switzer's Camp, and, while there are stepping stones at each crossing, these are inundated in the winter when the water is high. The plan that Austin has in mind is to fell trees across the stream at these places, as possible.

Mr. Austin intends to improve the

trail to Strawberry Peak this winter. This is one of the most difficult climbs near the city and the "hikers" have taken to using a rope and alpen stocks.

CITY BRIEFS.

It was announced yesterday that electricity will probably be turned into the new cluster lights that are being installed on Union street October 19. The Boys' Debating Club of the High School has been reorganized for the coming year.

Wadsworth sells paints.

For Pasadena homes. Grable & Apstin.

Royal Laundry shoe repair department. Phones 43.

Mrs. K. M. Duncan of No. 30 South Los Robles avenue will reopen her dressing parlors for the coming season Monday, October 7.

Grace Nicholson's famous shop, No. 45 Los Robles avenue, opens with larger stock than ever. Better buy holiday gifts now.

Hotel Maryland and Maryland Grill open all summer.

BOUNDED OVER FOR THIAL.

Men Accused of Murder at Redondo Beach Is Formally Charged with the Crime.

REDONDO BEACH, Sept. 30.—Jesus Rodriguez, charged with the murder of Florentina Rocha, the morning of October 24, was given his preliminary hearing today before Judge L. F. Wells. Rodriguez was held to answer without bail and bound over to the Superior Court for trial.

E. J. Deaton of Los Angeles was the attorney for the defendant and John Richardson of the District Attorney's office conducted the case for the State.

From the evidence, it appeared that the two men and two others had been drinking beer and playing pool and from the poolroom went to Rocha's home on Elena avenue, where they drank more beer. A quarrel followed and after the defendant had left the house he returned and shot Rocha. The defense intend to make the plea that Rodriguez shot in self-defense.

It was claimed that Rocha had gun with him which was stolen after the shooting.

WILL BE FILED.

The petitions for the recall of the City Trustees, J. H. Cavanah, W. J. Hess, O. N. Tomlinson, E. T. Thompson and Henry Feder, City Treasurer, George Cate, and City Clerk W. A. Anderson, will be filed tomorrow with the City Clerk.

In order to choose candidates for the election, the Greater Redondo Beach Civic Association, which fathers the recall, has sent out to the signers of the petition printed slips with names of men suggested for candidates.

The slips request that five names be chosen from the group (that others be suggested) by City Trustees and one each for City Clerk and City Treasurer. The names on the slips are: Trustees, R. H. George, Hubert, D. J. Pitts, L. B. Pemberton, H. G. Raby, W. T. Fitzpatrick, E. A. Furlong, Capt. C. T. Smith, J. A. Fall, Louis Baumhach, C. P. Barker, R. C. Lewis, Clerk, A. W. Boyd, Perry Long, Fred Shinn, Treasurer, J. F. Lerch, H. G. Raby, B. A. Furlong, J. A. Val.

BODY DISINTERRED.

The body of George Angrove, a clam digger who was found dead at El Porto, near El Segundo, Saturday, September 14, and buried in Potter's Field, was disinterred Saturday at the request of friends and buried in Inglewood Park Cemetery. At the time of his death nothing could be learned of Angrove's family, and as he left no money, he was given a pauper's burial. His family in the East, having heard of his death, had him given decent burial as soon as it could be arranged. Rev. W. P. Hardy of the Congregational Church officiated at the service Saturday, there having been no minister at the first burial. Friends of Angrove, who came to attend the matter were reticent about the deceased, but stated he came of a good family who wished to have him decently buried in Inglewood.

"Coronado Tent City" still open.

INJURED IN RUNAWAY.

Ocean Park Man Caught by Heels Has a Hazardous Ride Through the Streets.

OCEAN PARK, Sept. 30.—While Charles Barger, who resides at No. 431 Redalia street, hung head downward from the seat, a frightened team ran away on Central street, from Eighth to Eleventh streets tonight, being stopped in their mad rush when they ran the wagon into a telephone pole at the corner of Eleventh street. Barger was picked up unconscious and bleeding from half a dozen scalp wounds, his head having bounced over the road when he was thrown out. His feet having caught in the seat springs as he fell. He was taken to the St. Catherine Hospital, where he was unable to give a coherent account of the accident. He is 39 years old, unmarried, and is employed by a local teaming company. A brain concussion, three scalp wounds and a shaking up resulted from the mishap.

Forced to move from one building to another since the fire licked up their hall, the Ocean Park Fraternal Brotherhood, will move again this week, the next meeting to be held at the home of the president, P. H. Wilcox, No. 114 Raymond avenue.

Despite the lodge's misfortune, a large number of candidates have been initiated since the fire and the redemption of excessive drinkers. The Neal Treatment is not an experiment. It has been successfully administered in the United States, Canada and Australia. It is a harmless vegetable remedy which thoroughly eliminates all alcohol from the system and neutralizes its functional effect upon the body tissues in three days, without the use of painful, dangerous hypodermic injections. When this is accomplished the desire, craving and necessity for drink is removed and will not return unless alcohol is again deliberately taken into the system.

If further information is desired call at the Los Angeles Neal Institute, 945 So. Olive st., or write or phone G. U. Neal, manager, for Dr. Neal's free book, "Phases of Intemperance."

DESTRUCTION AND WANT CAUSED BY DRINK HABIT

Can Be Avoided and Done Away With by the Neal Treatment.

Excessive use of alcoholic liquors results in destruction of life, business, happiness, home and has been the cause of more deaths, insanity, asylums, jails and penitentiaries than all wars and epidemics of pestilential diseases in the history of the world.

Alcohol kills 700,000 men and women and causes loss of millions of dollars annually, fills our jails, insane asylums, jails and penitentiaries.

Men do not deliberately become drunkards nor do they remain so from choice, but gradually drift into the condition where they become so badly poisoned with alcohol that the craving and necessity for a drink is stronger than the will power to resist. They should not be condemned, but encouraged to seek medical help which will remove the appetite and necessity for alcoholic liquors and enable them to be again masters of themselves.

If temperance societies, state and national authorities would investigate the Neal Drink Habit Treatment they would learn a valuable lesson in the redemption of excessive drinkers. The Neal Treatment is not an experiment. It has been successfully administered in the United States, Canada and Australia. It is a harmless vegetable remedy which thoroughly eliminates all alcohol from the system and neutralizes its functional effect upon the body tissues in three days, without the use of painful, dangerous hypodermic injections. When this is accomplished the desire, craving and necessity for drink is removed and will not return unless alcohol is again deliberately taken into the system.

If further information is desired call at the Los Angeles Neal Institute, 945 So. Olive st., or write or phone G. U. Neal, manager, for Dr. Neal's free book, "Phases of Intemperance."

BOARD EXPECTS A PREMIUM.

Venice School Officials Anticipate No Trouble in Disposing of Five Per Cent. Bonds.

VENICE, Sept. 30.—Members of the Venice Board of Education expect the \$25,000 in grammar school bonds, which will be offered for sale by the Supervisors Monday, will bring a premium of at least \$3000. The bonds will bear 5 per cent. interest, and as there is but \$15,000 outstanding indebtedness against the school district, the credit of the Venice school district is excellent. As soon as the money is available, contracts will be let immediately for the construction of two school buildings, and three school sites will be purchased.

NEWS BRIEFS.

The home location feature of the proposed constitutional amendment will be discussed at length by the Venice City Club, which will hold a banquet tomorrow night. Forth president of the club, will lead in the discussion. The high cost-of-living and the public market question will also be taken up. At the meeting there will be two registration clerks to get the names of all the delinquent upon the great register.

At a football rally held at the High School at noon today, the students declared for the American game. Prof. C. T. Jennings, who arrived from Tempe, Ariz., Sunday to become director of athletics, having managed record-breaking athletic teams in several Arizona cities, told the boys that the school board would advance them the cost of twenty-four suits, they to pay for the suits out of a fund collected in admissions before the games in the future.

A score of local athletes will arrive early tomorrow morning and he away to the lowlands lying southeast of this city to get a shot at the elusive sprig and brass. At the Recreation Gun Club the members arrived late this afternoon preparing for a day's shooting. Reports from the local preserves are that the ducks are scarce this year.

TWO TERRIBLY BURNED.

Goldmine Explosion Near Oxnard Results in Fatal Injuries for One and Serious Hurts for Another.

OXNARD, Sept. 30.—Two were terribly burned, one perhaps fatally, as the result of a gasoline explosion on the Oxnard gold mine section in the vicinity of a gasoline system, and a leak had been noticed. C. S. Jones, foreman of the ranch, and J. M. Ince were sent to fix it.

Upon entering the room in which the tank was kept, Jones and Ince light. A moment later there was an explosion and the two were surrounded by flames. Jones was horribly and probably fatally burned, before he could be carried out.

Jones was badly burned about the body, arms and face.

NEWS BRIEFS.

The new beet pulp drying plant, the latest addition to the American Beet Sugar factory, starts operation tomorrow. For more than a month it has been in process of construction. The plant, which is the first unit in a series of four buildings, to be erected before the entire plant is completed, is on hand. By a new process the beet pulp is made into fine feed. The harvesting of limas in the Camarillo and Santa Cecilia sections is well advanced. In all other parts of the county, reports are to the effect that the warehouses are heaving with the warehouses to big quantities. Huachuca, Montalvo, Saticoy and other sections report thousands of sacks on hand. The crop in sections in the out of the county is to the effect that this year's crop will fall about 20 per cent. short.

AVAILON.

AVAILON, Sept. 30.—Plans have been completed by Capt. E. Morris and Capt. H. Farnsworth to undertake a trip to Panama in the thirty-five foot launch Chinelo. Both Morris and Farnsworth claim that they can carry the entire launch in progress in board their craft to enable them to reach Guaymas without difficulty. To cover the 3600 miles the navigators expect to make a new record. After arriving at Panama, Capt. Morris will use his craft for towing purposes. The Chinelo is equipped with a twenty-five horsepower gasoline engine.

\$8500 in Wonderful Prizes Given Away Absolutely Free

Play a game, an entertaining and fascinating game. Solve 77 pictures. That's all. You need that \$1750 automobile, or that \$800 player piano, or that \$500 in cash, or some one of the wonderful awards listed below. Certainly you can use any one of them. Get a Catalogue which contains the 77 correct titles. Get the Answer Book with which you can make 770 answers to the 77 pictures. You have everything in your favor. Start today. Get all the back pictures free and go after some one of the great prizes.

Following is the great prize list for the winners in The Times Booklovers' Contest. 150 or more valuable prizes. Something for everybody. This list includes a number of very valuable scholarships in the best private schools of Los Angeles and Southern California.

PRIZE.	VALUE.
1st Prize—5-Passenger Cartercar.	\$1750.00
2nd—One Piano, with Player Attachment.	800.00

19th—Furniture.	100.00
100 CONSOLATION PRIZES.	
Fifty 2 1/2-Lb. Boxes Rough House Chocolates.	62.50
Fifty 4-Lb. Boxes Rough House Chocolates.	100.00

What the Contest Is

A series of 77 pictures.
One published each day.
Each picture represents the title of a book.
You must solve the picture and say what book title it represents.

Get a Contest Catalogue

Contains all the book titles used in this contest. With the catalogue is given 7 certificates, good for 35 pictures.

Get an Answer Book

It looks like a stenographer's note book.
It contains 77 double pages.
On the upper page you paste a picture. On the lower page you give the book titles you have selected for the picture pasted on the page above.

Have You an Answer Book?

You may wish to submit 4, 5, 8 or 10 answers to a picture that seem hard and puzzling to you. With the Answer Book you can do it, and used only use one picture. You paste the picture on the top leaf of the Answer Book. On the lower leaf you write your answers—as many up to 10 as you wish to give—and get 35 pictures FREE.

NEWS REPORTS FROM CORRESPONDENTS OF THE TIMES.

WATER COMPANY SELLS BONDS.

Riverside Concern Secures Money in San Francisco.

Mass Meeting of Fruit Men Is Scheduled.

Railroad Promoters Looking Up Power Project.

RIVERSIDE, Sept. 30.—All fears that the Riverside Water Company would have difficulty in refunding its bonds vanished today with the announcement that a contract had been closed with Goodwin, Garby & Holton of San Francisco, whereby the company is financed for a period of one year for the sum of \$600,000. The company is allowed the right to re-annunciate the contract at any time, and the same amount for a period of twenty years from October 1, 1913.

President Cutler is in San Francisco today for the purpose of laying the matter before the attorneys of the water company, and also the State Railroad Commission, for their approval. In case this approval is secured, the money will be immediately paid over and the company's bonds, amounting to \$750,000, will be accepted as security.

The need of securing the contract just closed was most urgent, as the time in which the company might refund its bonds had almost expired, and the city has not proceeded far enough in its negotiations to take over the domestic water system, which it is under agreement with the directors to purchase for \$750,000.

Whether the city, indeed, may acquire the system, will not be determined until some time tomorrow, for that is the date fixed for a meeting of the stockholders, called for the purpose of voting on the proposition of selling to the city. If the stockholders should ratify the action of the directors, the city will proceed as fast as practicable to acquire not only the domestic system of the Riverside Water Company, but also the Riverside Artesia Water Company's system and the Kyes water system.

The Kansas City firm of Burns & McDermott, hydraulic engineers, are now engaged in appraising the three plants, and their report, which is expected to be filed any day, will contain recommendations for improvements and extensions, and an estimate of the amount of money that will be needed to combine the systems into a municipal proposition, adequate to cover much of the high land in the city whose development has been retarded by the fact that it is deprived of domestic water. It is believed a million dollars will be required.

Sentiment, both among the stockholders and citizens generally, for the municipalizing of the local water system, and it is thought that the vote tomorrow will be favorable.

MASS MEETING OF FRUIT MEN.

A mass meeting of citrus fruit men will be held here tomorrow under the auspices of the Riverside Fruit Auction Company. Llewellyn A. Shaw, manager of the company, will address the growers relative to the proposed co-operative plan to sell all citrus fruit for cash at the growers' end of the line, and thus minimize the risk the grower runs in connection with the so-called "cotton" system. The meeting will be continuous from 10 o'clock a. m. to 4 p. m.

TRIP OF RAILWAY PROMOTERS.

Franklin Helm, promoter of the San Diego, Riverside and Los Angeles Railway project, was in the city for a time today, in company with A. H. Knapp, W. R. Whitler, T. S. Ingham and H. H. Harker, who also were here. They spent a part of Saturday and Sunday night at Hemet, which it is presumed will be on the route of the proposed road, and where the promoters seem to be interested in a potential power scheme as well.

WILL DROPPING IN NET.

Walter C. Banks of the Banks Drug Company is the fourth victim in a campaign inaugurated by Mayor Peters and Chief of Police Coburn for the more strict enforcement of the curfew ordinance. The first arrest occurred about 10 o'clock on Saturday night, when a young man was taken into custody for violating the ordinance as charged.

SHERIFF PLAINS SUIT.

Sheriff F. P. Wilson has begun suit in his official capacity against the German-American Insurance Company to recover the sum of \$2201, alleged to be due for fire burned in the Winslow warehouse at Arlington early in August. It is set forth in the complaint that the fire destroyed 150 tons, had been caused by the Sheriff in the suit of the El Sobrante Land Company vs. Edgar Hasell. This has been insured for \$12,500 a ton, and demand for the money was refused; hence the suit.

NEWS BRIEFS.

Arthur Letts, Jr., son of the proprietor of the Broadway Department Store, Los Angeles, was arrested here today for leaving the murder on his motorcycle open. He had been fined and left for Los Angeles.

The interests of Frederick O'Brien and J. B. Castlesman in the Riverside sewerage works was sold this morning to F. R. Gabbert of the Oxnard Courier. O'Brien takes over the Courier.

All about Coronado, 314 Spring st.

ROCKPILE FOR VAGRANTS.

Redlands Times on the 11-Smelling Devils and Will Take Measures to Encourage Their Visits.

REDLANDS, Sept. 30.—The beggars, the tramps, the hobos and, in fact, the entire populace of those dependent on the public of Redlands for work, will fare poorly in this city from now on. The edict has been issued from police headquarters that beggars found begging on the streets,

Snake Bite For Insomnia Woe.

COPPER BASIN DISTRICT OFFERS A NEW REMEDY.

Miner, Unable to Sleep, Is on Verge of Nervous Collapse When Rattler Stings Him and Normal Condition Is Restored—Boy Injured When Thrown by Burro.

SAN BERNARDINO, Sept. 30.—A new cure for insomnia has been discovered through an accident. John Gustafson, a miner employed in the Copper Basin district, has for weeks been seriously afflicted with insomnia. His friends were alarmed, and the camp physician vainly tried to cure him. Last week the miner, who seemed on the verge of mental breakdown, was bitten on the palm by a rattlesnake.

The effect of the deadly inoculation was merely to put the miner to sleep. The first slumber in two weeks sealed his eyes. When he awoke hours later he was a new man. Since then he has slept regularly, and no bad effects whatever have followed the snake bite.

TOSSED BY BURRO.

The 10-year-old son of Rudolph Smith of Barnwell sustained serious injuries Friday when a burro which he had been riding tossed him, his foot catching in a stirrup. The boy was dragged for some distance over rocks and broken bottles. Santa Fe station agent succeeded in heading off the runaway burro and rescuing the lad. He sustained a dislocated shoulder, a broken arm and a number of ribs fractured.

TRUCK FOR DESERT.

A huge auto truck, 150-horsepower, has been sent to the desert by the Mines Development Company, to be used in hauling four large wagons loaded with soda to the railroad station in Inyo county. The entire rolling stock represented by the auto and trucks is valued at \$40,000. The Mines Development Company has large plans for the development of the soda lands of the desert, and it is pulled across the desert, bringing surprise to many a mining man.

Hotel del Coronado—Ideal service.

BULL MOOSERS GOT LETTER.

Mail Addressed to Republicans Falls into Alien Hands at Santa Ana—Sent to Postmaster.

SANTA ANA, Sept. 30.—Postmaster Shaw today delivered to S. J. Jackson a special delivery letter addressed to the Republican County Central Committee. Jackson is chairman of the committee, and the letter was addressed to the committee chosen by the Roosevelt forces. The Taft Republicans formed a separate committee. Capt. N. A. Tim, chairman of the committee, contained for the mail addressed to the Republican County Central Committee. Postmaster Shaw, between two fires, telegraphed to the committee, and the letter was not the following message:

"As State primary law gives State Central Committee general direction of County Central Committee, deliver mail to committee recognized by State central committee, and advise of recognition by State Central Committee." The message is signed "Keyser, Acting Assistant Attorney-General."

The special delivery letter proved to be a test letter written by County Auditor Lester, and was sent to the committee chosen by the Roosevelt forces. The Taft Republicans are not going to accept the instructions for today Capt. Tim declared that the committee was not established. The Roosevelt-Johnson forces by taking possession of the central committee are rightfully the Republican Central Committee.

"We may apply for a restraining order to be served on the postmaster," said Capt. Tim, "and leave it to the courts to decide whether or not we have been had by the postmaster."

Al Carlsson, who says he lives at 21 Toro, was arrested last night while running a peep show from a house where he had been caught peeping into a bedroom window. This morning Carlsson pleaded guilty to disturbing the peace and paid a fine of \$50. He was caught at the home of Mrs. Mary Minter at No. 514 East First street. As Carlsson ran away from the police, he was shot by Officer Minter. Carlsson is a Spaniard about 30 years old.

The Santa Ana Co-operative Sugar Company this morning completed a record run for twenty-four hours, in that space of time having sliced and made into sugar 995 tons of sugar from the plant which began operation in August. It was built for a 600-ton strip, but often the plant has far outstripped its guaranteed capacity.

Reasonable rates at "Coronado."

FULLERTON SCHOOLS.

FULLERTON, Sept. 30.—The Fullerton Union High School opened today for the fall and winter term with an enrollment of 260. Last year the school had an attendance of 158 pupils, making the increase for this term about 66 per cent. At this rate the school will double its attendance in three years. Although the group of new buildings has not been completed, the work is far enough advanced so that the school can open in the new buildings. The cost of the new buildings will cost more than the first estimate and the cost may total up \$250,000 by the time they are completed.

The high school has fourteen teachers for the new term, an increase of three over last year.

The Fullerton grammar schools have opened with an attendance of 257, which is an increase of 21 per cent over last term.

Spent fall and winter at Coronado.

Monarchs of Jade Discovered.

(Mexican Financier.) After living nearly twenty years in the wilderness at the head of the Kokuk River, Archaic Coast of Alaska, Walter Koen has discovered the Archaic mountain of jade, for which prospectors have been searching for years, as a result of Eskimo legends.

Nearly all Alaska Eskimos possess jade ornaments handed down from their fathers. Koen brings out from Nome, two tons of green and black jade. He says it equals the best jade from Japan and New Zealand.

Los Angeles Daily Times.

For the City CITIZENS WILL BUY THAT SITE.

Investment Company Not to Get Normal Grounds.

Public Spirit to Rescue as Big Deal Totters.

Buyers Will Not Realize a Cent Themselves.

Contrary to general expectation, the Los Angeles Investment Company will not buy the Normal School site for the city today, but the purchase will be made by public spirited citizens who came forward at the eleventh hour and raised the \$400,000 necessary to consummate the deal.

The sale is to be made by members of the State Board of Normal School Trustees at 10 o'clock this morning. The property will be auctioned off at Fifth street and Grand avenue, where the site is located. The Los Angeles Investment Company will bid \$400,000, or possibly \$500,000 at the most.

Representatives of the Chester Fireproof Building Company, Title Insurance and Trust Company, Building Company, Security Building, Billicie-Rowan Fireproof Building Company, the Alexandria hotel property, Torrance, Marshall & Co., R. A. Rowan & Co., A. C. Billicie and other property owners and banks will bid \$400,000, the minimum price of sale.

Financial aid and co-operation of the First National Bank, Merchants National Bank, National Bank of California, German-American Bank and Savings Bank, the Security Trust and Savings Bank and other financial institutions is to be given the city in securing the deal.

City Attorney Sheen last night stated that officials of the Los Angeles Investment Company had formally reported that they cannot see their way clear to bid more than \$250,000 for the property, which Sheen avers is worth \$1,000,000.

Deeble of the investment company substantiated Sheen's statement that the company would not bid more than \$250,000. He said that the company will bid but \$500,000 for the property. The city had depended upon this company's aid to secure the deal, and he authorized it. For a time it looked as though the deal, in so far as the city was concerned, would fall through.

THE REASON.

In explaining the attitude of the company, Secretary Deeble said last night:

"We do not feel in a position to pay \$500,000 for the property without some assurance that the city would take it off our hands. The city gives no such assurance in its option contract."

City Attorney Sheen says the investment company's attitude is based on the fact that the city has not authorized it. For a time it looked as though the deal, in so far as the city was concerned, would fall through.

Only the best at Coronado.

James A. Trudeau, native of Missouri, aged 37, and Basile G. Hamblin, native of Nebraska, aged 21, residents of Los Angeles; Truman Curtis Lank, native of Missouri, aged 41, and Piusa Beatrice Cole, native of Pennsylvania, aged 24, residents of Los Angeles; Charles Nicholas Lank, native of North Carolina, aged 25, and H. Deakin, native of California, aged 21, residents of Colton; Albert Ritchie, native of California, aged 21, and Alice Brinkley, native of Louisiana, aged 35, residents of San Bernardino.

FAIR WAS GREAT SUCCESS.

County Show at Escondido Is Ended With Baby Show and Some Extra Fine Racing.

ESCONDIDO, Sept. 30.—The Escondido Fair Association closed a successful four-day session Saturday afternoon, the ring and racing events being crowded into the last half day of the fair.

Honors for the racing went to S. R. Corona's Handsome Harry in the 2:24 trotting race, with 2:14 1-4 as the best time of the three heats, and Fred Fanning's May-Kee in the 2:24 trotting race, in straight heats, best time, 2:19.

At the baby show the prize for the best baby under one year went to Gustafson's little son, and the prize for the best baby over one year went to the daughter of Mr. and Mrs. Orville Foster of Holtville, Imperial county.

The prize for the prettiest baby over 1 year old and under 2 years went to Wesley Williams Hooper, aged 1 year and 8 months, son of Mr. and Mrs. L. B. Hooper of Escondido. For the largest family on the grounds during the fair the prize was taken by J. O. Larson, wife, and seven children. For the best baby under one year, the prize was won by Charles Katzenberger, aged 11 months, son of Mr. and Mrs. Henry Katzenberger of Escondido.

Fred Kelly, world's champion in hurdles in the recent Olympic games at Stockholm, Sweden, was a guest at the fair Saturday, being one of a party coming down from Orange in four automobiles.

Rates reduced one-third at "Coronado."

(Mexican Financier.) Copper has never figured in manufacture of rails in this country, but it is now being used to do so, in which event there would be a new demand for more than 100,000,000 pounds of copper per annum. Recently the engineers of the New Haven Railroad looked into the history of about six miles of track that had been laid with the ordinary life and usefulness of the average steel rails, and is still in good condition. They found that this six miles of track was laid with rails imported from Glasgow, Scotland. Analysis of the rails showed that, in distinction from the ordinary type of steel rail, they contained about 14 per cent copper. Many of the steel companies now have orders for the metal books for the manufacture of rails containing 14 per cent copper, and an important new use for the metal is a point of coming into existence.

Couldn't Drive a Cat.

[Hartford Courant.] A stray cat roamed into the Methodist Church at Thompsonville, Ct., at the 1:30 service, and for a time all service was interrupted while some of the members of the church tried to catch it. The Rev. J. N. Patterson was speaking in the pulpit at the time and Choirmaster Henry King left the loft to chase the cat out.

Finally other members followed in the pursuit and the cat was secured with its pursuers, and the service continued with the amusement and delight of the entire congregation. Finally Pastor Patterson suggested that the cat be let alone and the service continue, and it was done, and the cat, after a while, started from the front platform without interruption, walked down the aisle and passed out of the building.

His Car was in the Shop

—and he had to leave it there for weeks, for lack of money to pay the repair bill.

He was buying on installments—had built up no Reserve Fund—just plunged, asthousands of other automobilists are "plunging".

What a worried, harried, uncomfortable summer he spent! And then to lose his Car—because he could not afford to keep it running and meet his payments on it, too!

All well enough to buy Automobiles, or Homes, or Lots, or Farms, or Furniture, or even Clothes—on the "Installment Plan".

—But for the sake of your own peace of mind—and your protection—BUILD UP YOUR RESERVE FUND FIRST!

It need not necessarily be large—just enough to cover a payment or two, should the unforeseen circumstance (which always comes inopportunately) occur.

Then get your money, or accumulation, on installment payments if you need it. You can fall back on your Reserve Fund when emergencies require.

A Savings Account with this Bank—systematically added to—is the logical way to build your Reserve Fund.

Accounts opened at Four and at Three Per Cent interest, the latter with checking privileges under moderate restrictions.

Money loaned on Collateral and on approved Real Estate. Trusts committed. Superior Safe Deposit Facilities. Arrangements for World and other interesting Tours arranged by our Steamship Department.

German American Trust and Bank

SPRING & FOURTH STS. LOS ANGELES

These Doctors Can Cure You

A Thorough Free Medical Examination This Week

It's your opportunity to accept Dr. Shores' great special free offer FOR THIS WEEK ONLY of a thorough medical examination and expert advice about your health. Dr. Shores is a specialist, and a further improvement upon the minds of the afflicted the great importance of thoroughly understanding a trouble before trying to cure it. He will tell you the cause of your trouble, and he will tell you the cure, and he will tell you the cost, and he will tell you the time, and he will tell you the place, and he will tell you the name of the doctor who can cure you.

Dr. Shores is a specialist in the treatment of all chronic diseases. He has cured thousands of cases of Catarrh, Asthma, Bronchitis, Hay Fever, Neuritis, Hysteria, Deafness, Rheumatism, Gout, La Grippe, etc., and all forms of Nervous and Chronic diseases that are curable. Special Expertise for Treating Women and Children. Call or write.
